Teaching Effectiveness:

I have an excellent record as an instructor in the visual arts during my adjunct, term, and tenure track positions at this institution.

My departmental evaluations have been very high (5.0 for 2013-2014)

My student evaluations have been very high and provide evidence for outstanding classroom teaching. (4.84 average for Spring 2014 classes)

B. Advising/Student Support

2015-present Faculty mentor to University Scholar Clay Palmer

2012-present Advisor for UTM students on course scheduling, approximately 20 students annually.

2005-2010 Advisor for Visual Arts Society

2011-present Official Faculty Advisor and Sponsor for League of Striving Artists

2009-2010 Advisor to Honors Program Student Joel Flowers

2010 Graphic Design Senior Portfolio Review Committee

VI. University Service/Service to the Public/Consulting

A. University Service

2011-Present LSA (League of Striving Artists) Student Art Group Faculty Advisor (Since taking over as faculty advisor for this student group I have worked hard developing this organization as an integral part of our program. The purpose of this organization is to spread the awareness of the arts on campus and amongst its members. There has been an added emphasis and focus on membership, fundraising, and service. Our organization has been recognized at the last three student organization award ceremonies as finalists in the four main categories which are as follows: Student Organization of the Year, Student Organization Event of the Year (Safari Park Mural 2013 and Girl Scout Art Day 2013), Student Leader of the Year, and Student Organization Advisor of the Year. Listed below are the awards the organization has won and the events that have been created, sponsored, and participated in by LSA since my time as advisor. I participate in all service events, through planning, activity, and teaching. On average I spend an additional 100 hours a semester on LSA related service.)

***RSO Travel Grant, Full Award, 2015**

***Homecoming Banner Competition, First Place 2015**

***Student Leader of the Year (President Miranda Rutan) 2015**

***Gold Level Service Award 2015**

***RSO Event of the Year (Boy Scout Art Day) 2015**

***RSO Travel Grant Recipient, Full Award 2014**

***Homecoming Banner Competition, First Place 2014**

***Student Organization of the Year 2014**

***Gold Level Service Award 2014**

***Faculty Advisor of the Year 2013**

***Homecoming Banner Competition, First Place 2013**

***Homecoming Banner Competition, Second Place 2012**

*First Year Mentor Program-this works in combination with my FYI course. We pair a new student in the program and organization with an elder member of LSA. This elder member serves as a peer mentor for the new student, helping them get used to classwork, expectations, and other duties and opportunities that come along with being a VTA student. (Fall 2012-ongoing)

*Music Lounge Mural-LSA is in the process of finishing a mural for the music major student lounge. Designs were submitted over the summer by LSA members, with interim Chair of Music Dr. Julie Hill selecting the final design. In the fall we began the process of completing the mural after the design was approved by the building manager. Gridding and painting has begun, and the mural is currently completed. This service project has included 16 LSA members, working at various service capacities.

*Bradford Windows Renovation-working with the city of Bradford, LSA is in the process of creating large wooden panels with painted scenes on them. These windows will each have different themes and will work to revitalize some of the historic buildings in downtown Bradford. For this project The League of Striving Artists are teaming up with the University Scholars program. LSA will assist in teaching the fundamentals of large scale painting to the scholars involved, and in turn, their service activity will count towards the Scholar's service requirements for the semester. (Fall/Spring 2015/2016)

*Campus Scene Cover and Poster Design-LSA assisted in creating artwork and concept design for an edition of Campus Scene dealing with the evolution of the school's mascot from Pacer Pete to Captain Skyhawk for the Skyhawk's 20th anniversary. There were two planning meetings, edit sessions, and redesigns to fit the desires of the editors of the magazine. LSA will have featured illustrations by its members in the article, as well as a foldout poster that accompanies the edition. (Spring 2015)

*Holiday Art Bazaar- a fundraiser for the LSA organization. LSA members along with faculty and alumni set up for a holiday art sale. The purpose of this sale was to invite community members into the gallery, exposing them to the artwork in our department while also familiarizing them with the aspects of the STARTS donorship program. 30% of all sales went towards facilitating future service activities for the LSA student art group. (Fall 2014-ongoing)

*Methodist Church Mural- This project was done for our art secretary, Mrs Karen Johnson, and her church in Sharon Tennessee. Under my supervision LSA students worked in the creation of two wall panel designs for a nursery/children's center. Students were taught how to develop concept art to fit the patron's desire. Once sketches were developed LSA members were taught how to grid a concept sketch into a full scale wall drawing. I then taught the students how to base out and begin a mural.

This happened in the first painting session. During the second session the mural was completed and the room cleaned. A sizable donation was made to LSA for our hard work and completion of the project. (Fall 2014)

*Boy Scout Art Day- This project was designed for a local boy scout troop. LSA members, especially our art ed. members, worked alongside graphic design students creating a workshop on printmaking. Scouts were taught the ins and outs of the graphic design program here at UTM while creating re designs of one of their scout badges. These designs were then carried over into traditional printmaking, where students were taught dry point etching on a plexi glass plate. These plates were then inked and run through our printing press, creating prints on paper. Scouts each printed two individual pulls while LSA printed one large page of all of the plates for the scout master, Dr. Phil Davis. (Fall 2014, Spring 2016)

*Brad Black Family Group Painting Party-a fundraiser for the Brad Black family of Dresden. Brad was diagnosed with terminal cancer. This was in connection with Suzie Newbill, a middle school art teacher in the community. We helped lead a group painting session for 30 people, assisting in process and technique, while also doing demos on an individual level (September 2014)

*Alice in Wonderland “Face in the Hole” Painting- This project was done for Regions Bank in Martin. Regions wanted to sponsor a Mad Hatter Tea Party from Alice in Wonderland. We made a large scale painting for their themed booth to fit the theme. Kids then came and put their faces in the hole for photo opps. Students involved learned community perspective and large scale painting techniques. (Fall 2014)

*Bookstore Doodle Mural-for the new bookstore, I went with 4 other students and completed a dry board mural for opening the grand opening of the new UTM Barnes and Nobles Bookstore. (August 2014, August 2015)

*Ripley High School Art Day-October 2013

The LSA provided members to teach lessons to Ripley High School students during their visit to the Visual Art Department. Members of the LSA gave students a tour of the new Fine Art Building. The students were then split up into two groups. These two groups started with two different two-dimensional design activities: one abstract and one figurative. After completing these two activities, the students took their designs from the two-dimensional activities and created three-dimensional work. One group

worked with clay and the other wire. The students were then given an opportunity to show their art to each other afterwards. (Fall 2013)

*Student Demonstration at Oktoberfest-October 2013, members demonstrated ceramics with a kick wheel. Members also gave commentary on the process, teaching onlookers about ceramics and the arts. We set up a booth and sold artwork as well. (Fall 2013)

*Coke or Caricature-An annual fundraiser we do to raise funds for the organization. Basically we set up in the UC and offer the services of creating a portrait or caricature for a small fee. If the student is unhappy with their portrait they then agree to at least buy a soft drink from the group. (Fall 2011-ongoing)

*Girl Scout Art Day- An event that is in partnership with the Martin Housing Authority and Robert Nunley. Several members of the LSA organization worked with a start up group of Girl Scouts to earn their art merit badges. Our LSA members assisted in the educational part of the activity through demonstration and activity. This event lasted one day and we had 5-7 students who assisted at various times. We are hoping this could become an annual service activity for the organization. (Fall 2012-Spring 2015)

*Tennessee Safari Park Lemur Mural-the Tennessee Safari Park Lemur Mural was a three-day service event with over thirty different members working to complete. The planning for the event started in September and lasted until early November. The painting of the mural was to take place on a Friday, Saturday, and Sunday. The Friday and Saturday painting events happened as planned and lasted the majority of both days (8AM-7PM). Due to severe weather, the Sunday painting event was moved to the next Saturday (8AM-8PM). This event is the League of Striving Artists' biggest service event to date. Upon completion LSA was named co sponsors of the exhibit and the event was covered by several local newspapers. (Fall 2014)

*Martin Happy Town Mural at the Twin Oaks Antique Store in Downtown Martin-A small version of the mural class that I teach on occasion, members of the LSA painted a version of the historical Martin Happy Town sign for a local business. The students were able to learn large scale painting strategies while also fostering relationships with a local business. In exchange for their services, a large amount of art supplies were donated to the organization which were then re sold to students at a discounted rate. This project then doubled as a fundraiser. We were able to generate

about 3000.00 from the sale of these supplies, which later funded a trip for members in the organization to go to the Art Institute of Chicago. (Fall 2012)

***Sidewalk Chalking for #UTMWhiteOut (Spring 2014)**

The new athletic director's staff asked LSA to help advertise for the UTM White Out double header. Members of the LSA took two hours out of their Friday to advertise the event through chalk drawings. The drawings lead towards the Elam Center through the Quad and by the University Center.

***Alpha Delta Pi Painting Night (Spring 2014)** -LSA Officers helped run a painting sisterhood night for one of the University of Tennessee at Martin sororities, Alpha Delta Pi. Volunteers designed a small painting for the sorority members to recreate in their own way. Volunteers helped the sorority with painting techniques and design principles during the painting night.

***Homecoming Banner Competition and Quad City**-We placed first in the Fall of 2013, 2014, and 2015, while earning second in 2012 in the annual Homecoming Banner Competition. We also setting up booths for Quad City. This also involved building a can sculpture collected to fight hunger. The cans for the sculpture were collected by the students in both LSA and FYI as part of their organization service. (Fall 2012-2015)

***LSA Art Exhibitions: Spring 2016-Left, Right, and Everything in Between.** For this exhibition LSA will bring in Nick D'Aquisto, alumni from 2012, to juror this exhibition of LSA member artwork and give a talk. LSA will then hang the show, facilitate an opening, and sponsor awards as decided by the juror. **Spring 2015-Modern Isn't Modern.** For this exhibition LSA brought in artist Richard James, a UTM alumni currently pursuing an MFA in Sculpture at Kansas. LSA organized an artist talk, hung the show, organized the opening, and sponsored prizes for excellence. **Spring 2014-Moments in History: Time and Space.** For this show we brought in alumni juror Patrick Green. Pat gave an artist talk, juried the show, and our officer team hung the show. We hosted an opening and gave prizes the winners selected by Pat. In the Spring of 2013 we put on the **LSA Portraits Art Show.** It took place in the Paul Meek Library. Members of LSA were asked to submit artwork dealing with the theme "Portraits". There was a small fee to enter which helped raise money for the organization. Part of this money was also used to bring back a former alumni to jury the show, Jody Stokes Casey. Casey is currently in a MA program in Memphis and was a former president of the LSA student organization. We hosted an opening for the event complete

with food and an award ceremony. We hope to do an annual LSA sponsored show every semester. (Spring 2013-2016)

*Fulton Art Day- Working with alumni Allison Buttner, several of our Art Education students in LSA facilitated an all day art day with elementary level students at Fulton City Schools. We hosted 45 minute sections over a two day period that consisted of drawing, painting, color theory, and design. LSA provided supplies and instruction for the students who get little if any art experience. We are hoping that this becomes an annual service event for the organization. (Spring 2013-and 2014)

2014-2015 Project Developer, Soybean Festival Painted Guitar Art Competition, Martin TN

*Created outlines for the prospectus including guidelines, rules and regulations for the competition.

*Created an artist list for the initial competition. Several hours were spent calling and contacting artist. This includes community artists, UTM alumni, and current students.

*Worked with the city of Martin finding a distributor for the guitars used in the competition

*Worked with students to create the postcard, brochure, and artist statement sheet for the opening for the exhibition.

*Coordinated with LSA the hanging of the exhibition

2014-present Concept Designer/Project Assistant, Student Music Lounge, Fine Arts Building, University of Tennessee at Martin, Martin TN

* A mural for the student music lounge.

My responsibilities so far have been talking with various music faculty to create a concept design. Presenting the space and walking through with the building manager and music chair, and collecting images to use as support for the project. Painting on this project has begun.

2013-2014 Consulting with the McWherter Institute

*As part of my work with advising and FYI, I nominate the students that I think would fit the parameters of the program.

*I also work with the art students who are candidates doing hypothetical interviews in preparation for the interview process

2011-2015 Concept Designer/Project Assistant, Martin Soundscape Project, Martin, TN

*I have created two concept sketches for the project. Both were presented to the board of aldermen and mayor respectively

*In cooperation with the Historical Martin Downtown Business group we created a large fundraising event to facilitate the project

*I collected artwork, donations, and sold tickets for the fundraiser.

*For the final stages of the project I have developed meetings with each part of the construction crew to finalize the project. This includes finding a welder and securing a concrete labor crew who can complete the project within the allotted budget.

*Final budget and date has been submitted and completion is to take place in June 2015
