EXPERIENCE

2005-PRESENT:

Sue Layman Designs, Artist and Owner

sue layman
DESIGNS

BIO

Sue Layman Lightman, a renowned artist, places daring geometric shapes and empowering brilliant colors that create new energetic dimensions. The unique style of Sue's paintings is as diverse as the culture and creative environment in which we live. Sue believes today we are forced to contend with the forces of light and darkness. What causes a person to desire one or the other has always been a mystery. In her paintings, these forces find harmony, rhythm and adventure.

Sue opened her art gallery, Sue Layman Designs, in Memphis, Tennessee's South Main Historic Arts District in 2006. The modern three-story structure showcases only paintings from her collections.
